Performance Snapshot (Objective Data)

Matches Played:	3
Total Minutes Played:	245
Goals:	2
Assists:	1

4 Corners Player Assessment

Technical / Tactical Notes:	Excellent first touch and close control in tight spaces. Vision for through-balls is outstanding. Needs to improve defensive tracking back and press initiation in the final third. Good understanding of off-the-ball movement.
Physical Notes:	Shows good bursts of acceleration over short distances. Stamina is improving but still needs work to maintain high intensity for full 90 minutes. Recovering well from recent ankle niggle. Agility in tight turns is a strength.
Psychological Notes:	High motivation and positive attitude. Shows leadership through example and consistent effort. Can get frustrated after missed chances, needs to maintain composure. Resilient after mistakes, quickly refocuses.
Social Notes:	Strong communicator on the pitch, especially with midfielders and forwards. Good team player, always encouraging teammates. Coachable, receptive to feedback. Integrates well with new players.

Development Summary & Action Plan

Overall Performance Summary:	Alessandro shows immense potential as a creative attacking midfielder. His technical ability and vision are high-level for his age group, directly contributing to goals.
Key Strengths Exhibited:	Passing accuracy, dribbling in crowded areas, goal-scoring instinct, and positive influence on team morale
Primary Areas for Development:	Defensive contribution (tackling, positional discipline out of possession) and maintaining physical intensity late in matches.
Recommended Action Plan / Drills:	Focus on 2v1 and 3v2 defensive transition drills. Incorporate longer endurance runs and interval training. Review match footage weekly with a focus on defensive positioning.
